TRAIL NOTES

The Trail offers a rich variety of scenery from dense forests to trout-filled rivers and subalpine meadows. Along the way are also the sites of many old gold towns and pioneer settlements. Due to steepness excludes all but the most determined mountain bike riders.

Includes gravel service roads and 4WD tracks. Requires high level of fitness.

This is section 12 of the Bicentennial Trail.

DID YOU KNOW?

This is only a section of the Bicentennial National Trail. The 5,330km trail follows old coach roads, stock routes, brumby tracks, rivers and fire trails from Healesville, VIC to Cooktown, QLD.
